Re: Anthony G.

Funding Solutions
requirements per
April 01, 2002 CFS letter

As per your request, we are submitting the ffg.:

- ① 2001 Federal Income Tax Returns with W-2s
(Parents) and 1099s (Our son, Anthony does not file a return. Anthony will stay at Baylor University, Waco, TX until he finishes his course.)
- ② College Award/Grants last year; with the amounts we paid and his actual student expenses, tuition fees, laboratory fees, etc which we used for the Hope learning exemptions. Do we have a refund from Baylor University that could be carried over for Anthony? It seems we have. We need to pay our credit cards where we borrowed around \$7,000 last year before you helped us.
- ③ A copy of the corrected SAR for Anthony which we submitted/mailed already to KS as per FAFSA requirements. (I hope the corrections were alright!) Baylor U required us a copy of this copy SAR which we sent, too.

④ Re Anthony's PIN; unfortunately we have not received any from the mail until now. We have moved to my daughter's place at the above address. It is possible that it was sent back. Will you please assist us in retrieving his PIN and send us a copy ASAP? Please send your letters to us to the new address therefore.

⑤ We have not received any college Award for 2001-2002 yet 'coz our Income Tax Return for 2001 was delayed. We waited for some data from Virginia HUD.

⑥ Question: How much do we need to give (CFS) you this year (August?) Please notify us at once, so I could SAVE. I do not like to be late in paying you. You know that we are very poor! Until now, Anthony has no computer nor lap top; neither us his parents. Is there a way his Grants could produce his lap top or computer? How?

Honestly, my husband and I appreciate very much your kind patience and efforts to find financial solutions for Anthony. The Grants/scholarships Awards given to our son are really amazing. You helped us very much. We have five ⑤ grandchildren and we know that in the near future, we'll ask your help for them, too.

Sincerely, Jesus + Amparo
